CHDP Program Letter No.: 03-14

CORRECTED COPY

TO: ALL COUNTY CHILD HEALTH AND DISABILITY PREVENTION (CHDP)
PROGRAM DIRECTORS, DEPUTY DIRECTORS, MEDICAL
CONSULTANTS, STATE CHILDREN'S MEDICAL SERVICES (CMS)
BRANCH STAFF AND REGIONAL OFFICE STAFF

SUBJECT: AMENDMENTS TO CHDP PROGRAM LETTER NO.: 03-07 ON CHDP
ADMINISTRATIVE FUNDING METHODOLOGY AND BUDGET FORMAT

The purpose of this Child Health and Disability Program (CHDP) Program Letter (PL) is to notify local CHDP Program staff of amendments made to the CHDP Program Letter No.: 03-07 issued May 7, 2003, regarding CHDP Administrative Funding Methodology and Budget Format. The amended enclosures are included with this PL. These amendments were made to clarify content and usage as a result of comments received from local CHDP Program administrative staff who used the documents initially distributed with PL No.: 03-07. All of the enclosures are being issued with this PL to assure the Funding Methodology and Budget Format letter is a complete package that is readily accessible as a comprehensive reference.

PLEASE REPLACE CHDP PROGRAM LETTER NO.: 03-07 ISSUED MAY 7, 2003 WITH THIS VERSION. Insert this PL with the Enclosures into the CMS Plan and Fiscal Guidelines (PFG), Section 6, Budget Instructions, until such time as this material can be reformatted for inclusion in the manual as an amendment

The table below identifies the amended enclosure, pages affected by the amendment, and explains the change. The remainder of the letter includes the background and how the methodology was developed, documents and data resources necessary to complete the budget, and submission instructions.

M Medi-Cal Managed Care Report of Health Assessments	1, 2	Distributed electronically in May to the Local CHDP Programs with Medi-Cal Managed Care plans in their jurisdiction.

Background

Prior to FY 2003-2004, local CHDP administrative programs received a fixed allocation of State and federal funding. This was distributed to 61 local programs based on the estimated target population of children comprised of Medi-Cal beneficiaries under 21 years of age and low-income eligible children under age 19. This methodology did not adjust for changes in local demographics.

Development of New Methodology

Implementation of the CHDP Gateway, July 1, 2003, requires a new methodology for funding the local CHDP administrative programs as the target populations will be primarily children who are Medi-Cal eligible. To address this need, a workgroup of local CHDP Program and State staff developed a cost-based methodology for a CHDP administrative budget that is caseload driven and responsive to future fluctuations in target populations and changes in the administrative responsibilities of local CHDP Programs.

Local CHDP Program administrative requirements for the Medi-Cal Program Early and Periodic Screening, Diagnosis, and Treatment (EPSDT) and CHDP are contained in the:

1. Centers for Medicare and Medicaid Services, State Medicaid Manual, "Part 5, EPSDT" and
2. California Health and Safety Code, Sections 124025-124110.

CHDP Program caseload data associated with required program activities are identified in four major areas:

1. Informing/linking activities based on the total target population estimate for the current budget FY.
2. Care coordination activities for the number of screens requiring follow-up as determined by the total health assessments or screens from the prior FY, minus the total screens performed by Medi-Cal Managed Care plans, with a percentage factor applied to the remaining total screens.
3. Provider orientation and training activities based on the total number of active CHDP provider numbers as of September 2002.

4. Liaison responsibilities based on the following:

- a) Type of Medi-Cal Managed Care in the county/city: two-plan model, geographic, or county organized health system.
- b) Public Health Department programs such as the Supplemental Nutrition Program for Women, Infants, and Children, Immunizations, Childhood Lead Poisoning Prevention, etc.
- c) Community agencies, such as welfare departments and school programs.

Key personnel classifications fulfill the above CHDP Program responsibilities. Staffing formulas using the caseload factors for each of these components are based on three broad categories of program personnel to perform the program activities:

- 1. Ancillary personnel (may be known as community health workers, public health assistants, public health aides, etc.);
- 2. Health professional (such as dental staff, health educator, nutritionist, physician, public health nurse); and
- 3. Public health nurse.

The total FTEs for the program activities are the basis for determining the FTEs for CHDP Program supervisory, administrative and information technology support personnel. The total FTEs for program activities and program management are used to determine the number of clerical personnel found in program support.

FY 2003-2004 is a transitional year in moving towards the staffing needed to perform required CHDP Program activities. All CHDP Programs received an individual letter providing the information on the range of Medi-Cal administrative funding available for FY 2003-2004. The funding range was developed using preliminary budget estimates up to a maximum of 65 percent of the full CHDP Administrative budget for Medi-Cal administrative funds. These ranges may be modified by revised staffing formulas since the time of the preliminary budget and the specific budget instructions asking local CHDP Programs to prepare a budget based on 65 percent of the calculated FTEs using the staffing formulas.

Documents and Data Resources Needed to Complete FY 2003-2004 CHDP
Administrative Budget, No County/City Match

To prepare a local CHDP Administrative Budget, No County/City Match for FY 2003-2004, the following documents are necessary:

1. Staffing Factors (Enclosure A);
2. Worksheet for FTE Calculations (Enclosure B);
3. Staffing Matrix with 65 Percent (Enclosure C);
4. Staffing Matrix with 65 Percent – Example (Enclosure D);
5. Staffing Matrix with 65 Percent Instructions (Enclosure E);
6. Distribution of State-only Funds (Enclosure F);
7. CHDP Administrative Budget at 100 Percent No County/City Match (Enclosure G-100);
8. CHDP Administrative Budget at 65 Percent No County/City Match (Enclosure G-65);
9. CHDP Administrative Budget at 100 Percent No County/City Match Instructions (Enclosure H-100);
10. CHDP Administrative Budget at 65 Percent No County/City Match Instructions (Enclosure H-65);
11. CHDP Administrative Budget at 100 Percent Summary No County/City Match (Enclosure I-100);
12. CHDP Administrative Budget at 65 Percent Summary No County/City Match (Enclosure I-65);
13. CHDP Administrative Budget at 100 Percent Summary No County/City Match Instructions (Enclosure J-100); and
14. CHDP Administrative Budget at 65 Percent Summary No County/City Match Instructions (Enclosure J-65);

The formulas to determine personnel for the Administrative budget require use of the following data sources:

1. CHDP Target Population Estimate FY 2003-04 (Enclosure K).
2. CHDP Summary of Screens by County/City and Funding Source, FY 2001-2002 (Enclosure L).
3. Medi-Cal Managed Care Report of Health Assessments by County/City for FY 2001-02 (Enclosure M).
4. CHDP Active Providers by County/City as of September 2002 (Enclosure N).

Sources of Funding for the CHDP Administrative Budget, No County/City Match.
The CHDP No County/City Match budget continues to have two funding sources:

1. State Only Funds

Instructions for completing this portion of the budget are found in Enclosure F, Distribution of State Only Funds.

2. Medi-Cal Administrative funds

Instructions for completion of this portion of the budget can be found in Enclosures A, B, C, E, and H. The budget is built on the total FTEs meeting the staffing matrix requirements. However, the Medi-Cal Administrative funding requested for FY (2003-04) will be up to a maximum of 65 percent of the total local CHDP Program budget.

Completing the CHDP Administrative Budget, No County/City/Match

Please use the staffing formulas to prepare your CHDP No County/City Match Administrative Budget for FY 2003-04. Each local CHDP Program must prepare its budget to reflect the total staffing needed for required program activities, program management and program support.

If a local CHDP Program determines that it is necessary to request additional funds for administration of the local CHDP Program above the approved maximum funding range of 65 percent, a CHDP County/City Federal Match budget may be submitted. The instructions and forms for submission of this budget are located in the CMS Plan and

Fiscal Guidelines (PFG), Section 6. This county/city matched budget request requires specific justification for expanding the basic local CHDP Program administrative activities while keeping them in full conformance with the federal EPSDT requirements.

A request for additional funds for CHDP personnel working with social services and probation departments in support of children in out-of-home placement (also known as foster care) is to be submitted as a Foster Care County/City Federal Match Budget. Beginning FY 2003-2004, the CHDP County/City Federal Match Budget may not be used to budget for administrative activities that serve children who are in foster care.

Submission of CHDP Administrative Budget-No County/City Match Budget for FY (2003-2004):

Please submit one original and three copies of your CHDP budget packet to your Regional CMS Administrative Consultant/Analyst. With the amendments described in the table above, the budget packet is to be submitted to the CMS Branch for approval by one month from the date of this PL. The budget packet shall consist of the following:

1. Worksheet for FTE calculations, Enclosure B.
2. Staffing Matrix, Enclosure C, which provides the FTEs for the CHDP Program using the staffing formulas for FTE calculations at 100 percent and 65 percent.
3. Two CHDP Administrative No County/City Match budgets using Enclosures G-100 (100 percent) and G-65 (65 percent)
4. Two CHDP Administrative Budget No County City Match Summaries, Enclosure I-100 (100 percent) and Enclosure I-65 (65 percent) using budgets referenced in Number 3 above.
5. Budget documents for the CHDP Administrative Budget No County/City Match budget:
 - a. Budget narrative for the G-65 (65 percent) budget, CMS PFG, pages 177-178.
 - b. Job duty statements for the personnel on the G-65 (65 percent) budget, PFG, page 27 and 35.
 - c. Incumbent list for the personnel on the G-65 (65 percent) budget, PFG, page 35.

- d. Organizational chart for the personnel on the G-65 (65 percent) budget.

Please be aware the budgets as outlined in these instructions are contingent upon approval of the funding by the Legislature and the Governor in the FY 2003-04 State Budget.

If you have questions specific to the preparation of your budget and use of the forms, please contact your local program's nurse consultant or administrative consultant/analyst. Concerns and issues resulting from changes being made to the CHDP funding methodology should be addressed to your regional nurse and administrative consultants/analysts to ensure quick resolution in budget preparation and submission.

Liaison

Required Information

- designated staff = e.g., dental staff, health educators, nutritionists, physicians, public health nurses who meet skilled professional medical personnel (SPMP) qualifications in accordance with Title 42, Code of Federal Regulations (CFR), Chapter IV
- county/city has an established Medi-Cal Managed Care program (M-C MCP)
 - County/City has a two-plan or geographic managed care model of M-C MCP
 - County/City has an established county-organized health system (COHS)
 - if county/city does not have a M-C MCP, then enter zero (-0-) for full-time equivalents (FTE) of HP
- coordination with other county/city public health department (PHD) programs such as the following:
 - California Children's Services (CCS)
 - Immunization
 - Childhood Lead Poisoning Prevention
 - Maternal and Child Health (MCH)
 - Women's, Infants, and Children (WIC)
- coordination with other community and school programs
- counties/cities are entitled to a range (0.25 to 2.0) of HP FTEs for liaison for established M-C MCP, COHS, and the two coordination efforts with other county/city PHD programs and with other community and school programs

Basic Formula

Select one of the following models that corresponds to the presence of Medi-Cal Managed Care in the county/city. Whatever model chosen shall include the FTE for the State-only funds Liaison.

Model A – Maximum of 2.0 FTEs

$$\begin{aligned}
 &1.0 \text{ FTE of HP for two-plan and M-C MCP} \\

Model B – Maximum of 1.0 FTE

$$\begin{aligned}
 &0.50 \text{ FTE of COHS} \\
 &+ 0.25 \text{ FTE of HP for coordination with other county/city PHD programs} \\
 &\underline{+ 0.25 \text{ FTE of HP for coordination with other community and school programs}} \\
 &= 1.0 \text{ Annual FTE of HP}
 \end{aligned}$$

Model C – Maximum of 0.75 FTE

$$\begin{aligned}
 &\text{No M-C MCP} \\
 &+ 0.25 \text{ FTE of HP for coordination with other county/city PHD programs} \\
 &\underline{+ 0.50 \text{ FTE of HP for coordination with other community and school programs}^*} \\
 &= 0.75 \text{ Annual FTE of HP}

**CHDP STAFFING FACTORS
FISCAL YEAR 2003 – 2004
WORKSHEET for FULL-TIME EQUIVALENT (FTE) CALCULATIONS**

This worksheet is designed for manual computations. As an electronic document, the areas for numerical entries are highlighted by marching red ants. As a paper document, the areas for numerical entries are not highlighted and left blank. Whether this worksheet is used as an electronic or paper document, the individual completing the worksheet is still required to compute the full-time equivalent calculations by hand.

Please do NOT round any calculations while computing FTEs. Calculations for the FTEs should be carried to two places after the decimal point. Maintain these actual calculations until they are posted to the Staffing Matrix. Guidance for the rounding is provided in the instructions for completion of the Staffing Matrix.

**STAFFING MATRIX WITH 65 PERCENT
~ INSTRUCTIONS ~**

Please follow the instructions below to complete the Staffing Matrix. The source of data to complete the Matrix is the Worksheet for Full-Time Equivalent (FTE) Calculations. Complete the FTE Calculations first before completing the Matrix.

The Staffing Matrix may be completed manually or electronically.

- For manual use, enter the FTEs on the paper document by following the instructions below. The sub-total and all totals shall require computation by hand.
- For electronic use, input the FTEs electronically by following the instructions below. Formulas have been built into the electronic version of the Staffing Matrix; therefore, the sub-total and all totals will automatically be computed.

PROGRAM ACTIVITIES

Column B – Informing/Linking

1) Health Professional (HP)

Enter the number of Annual Full-Time Equivalents (FTEs) of HP for Informing/Linking that was computed from the Worksheet for Full-Time Equivalent (FTE) Calculations.

2) Ancillary (ANC)

Enter the number of Annual FTEs of ANC for Informing/Linking that was computed from the Worksheet for FTE Calculations.

3) Total, All Staff @ 100 percent

DISTRIBUTION OF STATE-ONLY FUNDS

General Information

- State-only funds are available for distribution to counties/cities
- State-only funds are to provide Health Professional (HP) full-time equivalents (FTE) for the program activity entitled Liaison (L)
- Statewide estimated annual cost of one (1) HP-L FTE = \$120,000 for personnel expense and associated operating, indirect, and other expenses
- Estimated FTEs statewide that can be funded with State-only funds is approximately 8.3 FTEs of HP-L
- Range of HP-L FTEs for distribution = 0.01 to 0.5 FTE as shown in Distribution Chart below
- Budget Year CHDP Target Population Estimate (Enclosure K for FY 2003-04) is basis for distribution of funds statewide

Distribution Chart

The FTE count of HP-L for each county/city is determined by its target population. Please locate the target population range in which your local program's target population falls. The target population range indicates a predetermined FTE of HP-L.

Range of FTEs	Target Population Range		No. of Local Programs	Total FTEs Statewide
0.50	180,000	to 1,500,000	7	3.50
0.25	100,000	to 179,999	3	0.75
0.15	30,000	to 99,999	15	2.25
0.10	8,000	to 29,999	18	1.80
0.05	3,000	to 7,999	9	0.45
0.01	under 3,000		<u>9</u>	<u>0.09</u>
Total			61 Local Programs	8.84 FTEs

Example

According to the FY 2002-2003 CHDP Target Population Estimate, XYZ CHDP Program has a target population of 61,769. This target population figure falls within the population range of 30,000 to 99,999. Therefore, XYZ CHDP Program is entitled to 0.15 FTE of a Health Professional – Liaison (HP-L) position.

This 0.15 FTE of a HP-L position is included in whichever model is selected for Liaison program activities. Please refer to FY 2003-2004 Staffing Factors, Page 12 of 16.

**CHDP ADMINISTRATIVE BUDGET @ 100 PERCENT
NO COUNTY/CITY MATCH
~ INSTRUCTIONS ~**

Please follow the instructions below to complete the CHDP Administrative Budget @ 100 Percent, No County/City Match (Enclosure G-100). The source of data to complete the Personnel Expense category of the budget is the Staffing Matrix. The Matrix must first be completed with the full-time equivalent (FTE) data before the Budget can be prepared.

To assist in the preparation of the Budget, please refer to the Plan and Fiscal Guidelines, Section 6. Read the Budget Instructions for General Information and Descriptions, Budget Tips, and Definitions and Guidelines.

Also, please use whole numbers with dollar amounts. Do not use decimal placements.

County/City

- 1) Enter the name of the county or city CHDP Program for which this budget applies.

Fiscal Year

- 2) Enter the State fiscal year (FY) for which this budget applies.

For the upcoming FY 2003-2004, the State FY has been entered for you.

I. PERSONNEL EXPENSE

Column A – Incumbent Names by Program Activities

- 3) Enter the classification and incumbent names or vacant if unfilled under Program Activity, Program Management, and Program Support.

Column B – Full-Time Equivalents (FTEs)

- 4) Enter the FTE for each incumbent under each Program Activity.

The total FTEs for each Program Activity must equal the respective total entries made in the Staffing Matrix, Total, All Staff @ 100 percent, Columns B, C, D, and E. If the figures are different, then adjust one of the incumbent's FTEs within a classification under the Program Activities to make the total FTEs equal the total entered in the Staffing Matrix.

Enter the total FTEs for the Program Management and Program Support sections from the Staffing Matrix, Columns H, I, and K, respectively.

CHDP ADMINISTRATIVE BUDGET @ 100 PERCENT
NO COUNTY/CITY MATCH
~ INSTRUCTIONS ~

For the Administration and Information Technology classification only, the combined total of the FTEs for Administration and Information Technology that were computed via the Worksheet for FTE Calculations may be distributed based upon the needs of the individual county/city.

Column C – Annual Salary

- 5) Enter the total annual salary for each position or classification as calculated using the top step of the salary range.

In order to compute the total annual salaries, local CHDP programs may find it helpful to prepare a Budget Detail Worksheet. The worksheet should include the following for each classification under Program Activities, Program Management, and Program Support:

- position or classification;
- incumbent name;
- FTE time base at 100% or 1.0;
- top step of salary range; and
- calculation of the annual salary

The top step of the salary range should be used in the calculation of the annual salary.

A copy of the Budget Detail Worksheet, if prepared, should be kept on file at the local CHDP office.

Example

Health Professional (HP) – Care Coordination

<u>Position or Classification</u>	<u>Incumbent Name</u>	<u>Time Base</u>	<u>Top Step of Salary Range</u>	<u>Calculation of Annual Salary</u>
Nutritionist III	Jane Smith	1.0	\$3500/mo	$\$3500 \times 1.0 \times 12 = \$42,000$
Health Educator II	John Doe	1.0	\$3000/mo	$\$3000 \times 1.0 \times 12 = 36,000$

Enter \$42,000 for Jane Smith as her Annual Salary for the Care Coordination activity under the Health Professional classification.

Also enter \$36,000 for John Doe as his Annual Salary for the Care Coordination activity under the Health Professional classification.

Column D – Total Budget

- 6) Multiply each entry made in Column B by the corresponding entry made in Column C and enter the result.

CHDP ADMINISTRATIVE BUDGET @ 100 PERCENT
NO COUNTY/CITY MATCH
~ INSTRUCTIONS ~

In order to compute the Total Budget, if a Budget Detail Worksheet has been prepared, add and complete two additional columns. The two columns are entitled FTEs and Total Budget @ 100%.

Example

Health Professional (HP) – Care Coordination

<u>Position or Classification</u>	<u>Incumbent Name</u>	<u>Time Base</u>	<u>Top Step of Salary Range</u>	<u>Calculation of Annual Salary</u>	<u>FTEs</u>	<u>Total Budget @ 100%</u>
Nutritionist III	Jane Smith	1.0	\$3500/mo	$\$3500 \times 1.0 \times 12 = \$42,000$	1.0	$\$42,000 \times 1.0 = \$42,000$
Health Ed II	John Doe	1.0	\$3000/mo	$\$3000 \times 1.0 \times 12 = \$36,000$	0.5	$\$36,000 \times 0.5 = \$18,000$

Enter \$42,000 for Jane Smith as her Total Budget for the Care Coordination activity under the Health Professional classification.

Also enter \$18,000 for John Doe as his Total Budget for the Care Coordination activity under the Health Professional classification.

Column E – State-Only Percentage (%)

- 7) Enter, for each incumbent shown in Column A, the percentage of the FTE shown in Column B that represents the amount of time dedicated to program activities for non-Medi-Cal children and youth. For FY 2003-04, this percentage is for the Liaison Program Activity only. The FTE is found in Enclosure F, Distribution of State-only Funds.

The percentages in Columns E and G must equal 100%.

Column F – State-Only Budget

- 8) Multiply each entry made in Column E by the corresponding entry made in Column D and enter the result. For FY 2003-04, Column E entries are allowable in Liaison activities only.

The percent FTE of the State-only entry made in Column E must equal the FTE allocated to the program based on the target population (Enclosure F). This entry added to the Medi-Cal entry for Liaison must equal the total Liaison FTE in the Staffing Matrix.

The total of each entry made in Columns F and H must equal the corresponding entry made in Column D.

CHDP ADMINISTRATIVE BUDGET @ 100 PERCENT
NO COUNTY/CITY MATCH
~ INSTRUCTIONS ~

Column G – Medi-Cal Budget

- 9) Subtract, for each incumbent shown in Column A, the entry made in Column E from 100% and enter the result. For FY 2003-04, Column E entries are allowable in Liaison activities only.

If there is no entry in Column E, then enter 100% in Column G.

The resulting percentage represents the amount of time dedicated to program activities for Medi-Cal children and youth.

The percentages in Columns E and G must equal 100%.

Column H – Medi-Cal Budget

- 10) Multiply each entry made in Column G by the corresponding entry made in Column D and enter the result.

The total of each entry made in Columns F and H must equal the corresponding entry made in Column D.

Total, Salaries and Wages

- 11) Add all entries made in Columns D, F, and H and enter the results for each respective column.

Less: Salary Savings

- 12) Multiply each entry made in the Total, Salaries and Wages line by the county/city Salary Savings percentage and enter the result in each respective column.

The line entitled Less: Salary Savings shall be completed only if the county/city government mandates salary savings.

Net Total, Salaries and Wages

- 13) Subtract each entry made in Less: Salary Savings from each entry made in Total, Salaries and Wages for Columns D, F, and H and enter the result in each respective column.

Staff Benefits @ _____ %

- 14) Enter, in Columns D, F, and H the actual Staff Benefits amount that was calculated by the county/city government.

CHDP ADMINISTRATIVE BUDGET @ 100 PERCENT
NO COUNTY/CITY MATCH
~ INSTRUCTIONS ~

~ OR ~

- 15) Multiply each entry made in Net Total, Salaries and Wages for Columns D, F, and H by the Staff Benefits percentage that was approved by the county/city government and enter the result in each respective column.
- 16) Enter the approved percentage in Column A, Staff Benefits @ _____ %.

Total, Personnel Expense

- 17) Add each entry made in the Net Total, Salaries and Wages line to each entry made in the Staff Benefits @ _____ % line for Columns D, F, and H and enter the result in each respective column.

II. OPERATING EXPENSE

Travel

- 18) Enter, in Column D, the total costs for program staff travel which may include ground and air transportation, per diem, lodging, mileage, etc.
- 19) Enter, in Column F, the amount from Column D that reflects the costs for travel of the personnel in the State-only Budget.
- 20) Enter, in Column H, the amount from Column D that reflects the costs for travel of the personnel in the Medi-Cal Budget.

The total of entries made in Columns F and H must equal the entry made in Column D.

Training

- 21) Enter, in Column D, the total costs for program staff training which may include registration fees, tuition fees, course materials, etc.
- 22) Enter, in Column F, the amount from Column D that reflects the training costs for the personnel in the State-only Budget.
- 23) Enter, in Column H, the amount from Column D that reflects the training costs for the personnel in the Medi-Cal Budget.

The total of entries made in Columns F and H must equal the entry made in Column D.

Additional Operating Expense

- 24) List, in Column A, all other Operating Expenses, such as Office Supplies, Rent, Utilities, Communications, etc., as needed.
- 25) Enter the total costs for each additional Operating Expense in Columns D, F, and H.

The costs in Column F must relate to the expenses for the FTE associated with the State-only Budget.

The total of entries made in Columns F and H must equal the entry made in Column D.

Total, Operating Expense

- 26) Add the entries made in Columns D, F, and H for Travel, Training, and any additional Operating Expense and enter the result in each respective column.

III. CAPITAL EXPENSE

- 27) Enter, in Columns D and H, the total costs for each Capital Expense which may include equipment and automated data processing (ADP). Equipment must have a unit cost of \$5,000 or more.

The entries made in Columns D and H must be the same.

Total, Capital Expense

- 28) Add the entries made in Columns D and H for all Capital Expenses and enter the result in each respective column.

IV. INDIRECT EXPENSE

Internal @ _____ %

Internal Indirect Expenses are departmental overhead costs that have been developed by the county/city government in a Cost Allocation Plan (CAP) in accordance with federal ASMB C-10 guidelines issued by the Department of Health and Human Services. A copy of the CAP shall be on file at the local CHDP office and available for review upon request.

- 29) Multiply the entries made in Columns D, F and H for Total, Salaries and Wages by the county/city percentage for Internal Indirect Expense and enter the result in each respective column.
- 30) Enter the approved percentage for Internal Indirect Expense in Column A, Internal @ _____ %.

Fiscal Year

- 2) Enter the State fiscal year (FY) for which this budget applies.

For the upcoming FY 2003-2004, the State FY has been entered for you.

I. PERSONNEL EXPENSE

Column A – Incumbent Names by Program Activities

- 3) Enter the classification and incumbent names or vacant if unfilled under Program Activity, Program Management, and Program Support.

Column B – Full-Time Equivalents (FTEs)

- 4) Enter the FTE for each incumbent under each Program Activity.

The total FTEs for each Program Activity must equal the respective total entries made in the Staffing Matrix, Total, All Staff @ 65 percent, Columns B, C, D, and E. If the figures are different, then adjust one of the incumbent's FTEs within a classification under the Program Activities to make the total FTEs equal the total entered in the Staffing Matrix.

Enter the total FTEs @ 65 percent for the Program Management and Program Support sections from the Staffing Matrix, Columns H, I, and K, respectively.

CHDP ADMINISTRATIVE BUDGET @ 65 PERCENT
NO COUNTY/CITY MATCH
~ INSTRUCTIONS ~

For the Administration and Information Technology classification only, the combined total of the FTEs for Administration and Information Technology that were computed via the Worksheet for FTE Calculations may be distributed based upon the needs of the individual county/city.

Column C – Annual Salary

- 5) Enter the total annual salary for each position or classification as calculated using the top step of the salary range.

In order to compute the total annual salaries, local CHDP programs may find it helpful to prepare a Budget Detail Worksheet. The worksheet should include the following for each classification under Program Activities, Program Management, and Program Support:

- position or classification;
- incumbent name;
- FTE time base at 100% or 1.0;
- top step of salary range; and
- calculation of the annual salary

The top step of the salary range should be used in the calculation of the annual salary.

A copy of the Budget Detail Worksheet, if prepared, should be kept on file at the local CHDP office.

Example

Health Professional (HP) – Care Coordination

<u>Position or Classification</u>	<u>Incumbent Name</u>	<u>Time Base</u>	<u>Top Step of Salary Range</u>	<u>Calculation of Annual Salary</u>
Nutritionist III	Jane Smith	1.0	\$3500/mo	$\$3500 \times 1.0 \times 12 = \$42,000$
Health Educator II	John Doe	1.0	\$3000/mo	$\$3000 \times 1.0 \times 12 = 36,000$

Enter \$42,000 for Jane Smith as her Annual Salary for the Care Coordination activity under the Health Professional classification.

Also enter \$36,000 for John Doe as his Annual Salary for the Care Coordination activity under the Health Professional classification.

Column D – Total Budget

- 6) Multiply each entry made in Column B by the corresponding entry made in Column C and enter the result.

CHDP ADMINISTRATIVE BUDGET @ 65 PERCENT
NO COUNTY/CITY MATCH
~ INSTRUCTIONS ~

In order to compute the Total Budget, if a Budget Detail Worksheet has been prepared, add and complete two additional columns. The two columns are entitled FTEs and Total Budget @ 100%.

Example

Health Professional (HP) – Care Coordination

<u>Position or Classification</u>	<u>Incumbent Name</u>	<u>Time Base</u>	<u>Top Step of Salary Range</u>	<u>Calculation of Annual Salary</u>	<u>FTEs</u>	<u>Total Budget @ 100%</u>
Nutritionist III	Jane Smith	1.0	\$3500/mo	$\$3500 \times 1.0 \times 12 = \$42,000$	1.0	$\$42,000 \times 1.0 = \$42,000$
Health Ed II	John Doe	1.0	\$3000/mo	$\$3000 \times 1.0 \times 12 = \$36,000$	0.5	$\$36,000 \times 0.5 = \$18,000$

Enter \$42,000 for Jane Smith as her Total Budget for the Care Coordination activity under the Health Professional classification.

Also enter \$18,000 for John Doe as his Total Budget for the Care Coordination activity under the Health Professional classification.

Column E – State-Only Percentage (%)

- 7) Enter, for each incumbent shown in Column A, the percentage of the FTE shown in Column B that represents the amount of time dedicated to program activities for non-Medi-Cal children and youth. For FY 2003-04, this percentage is for the Liaison Program Activity only. The FTE is found in Enclosure F, Distribution of State-only Funds.

The percentages in Columns E and G must equal 100%.

Column F – State-Only Budget

- 8) Multiply each entry made in Column E by the corresponding entry made in Column D and enter the result. For FY 2003-04, Column E entries are allowable in Liaison activities only.

The percent FTE of the State-only entry made in Column E must equal the FTE allocated to the program based on the target population (Enclosure F). This entry added to the Medi-Cal entry for Liaison must equal the total Liaison FTE in the Staffing Matrix.

The total of each entry made in Columns F and H must equal the corresponding entry made in Column D.

**CHDP ADMINISTRATIVE BUDGET @ 65 PERCENT
NO COUNTY/CITY MATCH
~ INSTRUCTIONS ~**

Column G – Medi-Cal %

- 9) Subtract, for each incumbent shown in Column A, the entry made in Column E from 100% and enter the result. For FY 2003-04, Column E entries are allowable in Liaison activities only.

If there is no entry in Column E, then enter 100% in Column G.

The resulting percentage represents the amount of time dedicated to program activities for Medi-Cal children and youth.

The percentages in Columns E and G must equal 100%.

Column H – Medi-Cal Budget

- 10) Multiply each entry made in Column G by the corresponding entry made in Column D and enter the result.

The total of each entry made in Columns F and H must equal the corresponding entry made in Column D.

Column I – Enhanced %

- 11) Enter, for each incumbent shown in Column A, the percentage of the FTE percentage shown in Column G that represents the amount of time dedicated to program activities that qualify for enhanced Medi-Cal funding.

The percentages in Columns I and K must equal 100%.

Column J – Enhanced State/Federal Funds

- 12) Multiply each entry made in Column H by the corresponding entry made in Column I and enter the result.

The total of each entry made in Columns J and L must equal the corresponding entry made in Column H.

Column K – Non-Enhanced %

- 13) Subtract, for each incumbent shown in Column A, the entry made in Column I from 100% and enter the result.

The resulting percentage represents the amount of time dedicated to program activities that qualify for non-enhanced Medi-Cal funding.

**CHDP ADMINISTRATIVE BUDGET @ 65 PERCENT
NO COUNTY/CITY MATCH
~ INSTRUCTIONS ~**

The percentages in Columns I and K must equal 100%.

Column L – Non-Enhanced State/Federal

- 14) Multiply each entry made in Column H by the corresponding entry made in Column K and enter the result.

The total of each entry made in Columns J and L must equal the corresponding entry made in Column H.

Total, Salaries and Wages

- 15) Add all entries made in Columns D, F, H, J, and L, and enter the results for each respective column.

Less: Salary Savings

- 16) Multiply each entry made in the Total, Salaries and Wages line by the county/city Salary Savings percentage and enter the result in each respective column.

The line entitled Less: Salary Savings shall be completed only if the county/city government mandates salary savings.

Net Total, Salaries and Wages

- 17) Subtract each entry made in Less: Salary Savings from each entry made in Total, Salaries and Wages for Columns D, F, H, J, and L and enter the result in each respective column.

Staff Benefits @ _____ %

- 18) Enter, in Columns D, F, H, J, and L the actual Staff Benefits amount that was calculated by the county/city government.

~ OR ~

- 19) Multiply each entry made in Net Total, Salaries and Wages for Columns D, F, H, J, and L by the Staff Benefits percentage that was approved by the county/city government and enter the result in each respective column.

- 20) Enter the approved percentage in Column A, Staff Benefits @ _____ %.

Total, Personnel Expense

- 21) Add each entry made in the Net Total, Salaries and Wages line to each entry made in the Staff Benefits @ _____ % line for Columns D, F, H, J, and L and enter the result in each respective column.

II. OPERATING EXPENSE

Travel

- 22) Enter, in Column D, the total costs for program staff travel which may include ground and air transportation, per diem, lodging, mileage, etc.
- 23) Enter, in Column F, the amount from Column D that reflects the costs for travel of the personnel in the State-only Budget.
- 24) Enter, in Column H, the amount from Column D that reflects the costs for travel of the personnel in the Medi-Cal Budget.

The total of entries made in Columns F and H must equal the entry made in Column D.

- 25) Enter, in Column J, the amount of travel costs shown in Column H that represents the amount of travel dedicated to program activities that qualify for enhanced Medi-Cal funding.

The total of entries made in Columns J and L must equal the entry made in Column H.

- 26) Enter, in Column L, the amount of travel costs shown in Column H that represents the amount of travel dedicated to program activities that qualify for non-enhanced Medi-Cal funding.

The total of entries made in Columns J and L must equal the entry made in Column H.

Training

- 27) Enter, in Column D, the total costs for program staff training which may include registration fees, tuition fees, course materials, etc.
- 28) Enter, in Column F, the amount from Column D that reflects the training costs for the personnel in the State-only Budget.
- 29) Enter, in Column H, the amount from Column D that reflects the training costs for the personnel in the Medi-Cal Budget.

**CHDP ADMINISTRATIVE BUDGET @ 65 PERCENT
NO COUNTY/CITY MATCH
~ INSTRUCTIONS ~**

The total of entries made in Columns F and H must equal the entry made in Column D.

- 30) Enter, in Column J, the amount of training costs shown in Column H that represents the amount of training dedicated to program activities that qualify for enhanced Medi-Cal funding.

The total of entries made in Columns J and L must equal the entry made in Column H.

- 31) Enter, in Column L, the amount of training costs shown in Column H that represents the amount of training dedicated to program activities that qualify for non-enhanced Medi-Cal funding.

The total of entries made in Columns J and L must equal the entry made in Column H.

Additional Operating Expense

- 32) List, in Column A, all other Operating Expenses, such as Office Supplies, Rent, Utilities, Communications, etc., as needed.
- 33) Enter the total costs for each additional Operating Expense in Columns D, F, and H.

The costs in Column F must relate to the expenses for the FTE associated with the State-only Budget.

The total of entries made in Columns F and H must equal the entry made in Column D.

- 34) Enter the amount from Column H in Column L.

The entries made in Columns H and L must be the same.

Total, Operating Expense

- 35) Add the entries made in Columns D, F, H, J, and L for Travel, Training, and any additional Operating Expense and enter the result in each respective column.

III. CAPITAL EXPENSE

- 36) Enter, in Columns D and H, the total costs for each Capital Expense which may include equipment and automated data processing (ADP). Equipment must have a unit cost of \$5,000 or more.

The entries made in Columns D and H must be the same.

- 37) Enter the amount from Column H in Column L.

**CHDP ADMINISTRATIVE BUDGET @ 65 PERCENT

Definitions

Columns 1 and 2: Medi-Cal refers to number of children and the percent of children, up to 21 years of age, who are enrolled in the Medi-Cal program and have an assigned Medi-Cal aid code.

Columns 3 and 4: CHDP Gateway refers to the number of children and percent of children who are under age 19 and in low-income families who are presumptively eligible for Medi-Cal through CHDP Gateway enrollment.

**Data Sources and Notes
for Medi-Cal Target
Population**

Medi-Cal target population derived from Medical Care Statistics, Department of Health Services, Table 17, Medi-Cal Program Persons Certified Eligible by County, Sex, and Age, October 2001.

Medi-Cal Funded Births by Beneficiary County: Medi-Cal funded deliveries, Calendar year 2000, Table 7.

**Data Sources and Notes
for CHDP Gateway
Target Population**

Poverty level between 100-200% FPL used was 1990 Census.

Finance Department, Demographic information, data file, 2002.

The numbers derived from population estimates for 1/1/2002 by the Department of Finance in its report E-1 Table. Berkeley=0.070362, Alameda=0.9296381, Long Beach=0.04815, Pasadena=0.014127, Los Angeles=0.937772.
